INSTRUCTIONS

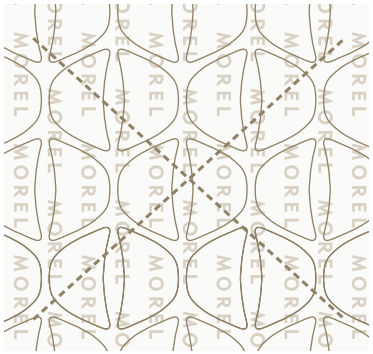

THE ELASTIC COUNTER

MOREL
MILANO

CUTTING DIRECTION

RIGHT WAY

WRONG WAY

THANKS TO OUR UNIQUE PRODUCTION PROCESS AND THE USE OF SELECTED RAW MATERIALS, **MORELAST** IS ONE OF THE MOST PERFORMING AND EASY TO WORK COUNTER IN THE WORLD

IMITATION WARNING

All our products are densly printed on one side. This is because we have been imitated all over the world and we all want to be sure that if you ask for Morel you get the real one!

COLOUR

All our products are based on natural fibers. This is the reason why the colour of some products might slightly change from lot to lot. Nevertheless the performances are not affected by this.

WE RECOMMEND IT FOR

SNEAKERS

STUDENT SHOES

INSTRUCTIONS

1 *FLAT COUNTERS*

Heat the counter at 50°- 60°C with hot plate, infrared, steam or else.
Fit the counter between the upper and the lining.

MOLDED COUNTERS

Fit the counter between the upper and lining so it is ready for moulding machine (hot and cold recommended).
10 - 15 sec. at 100° - 120°C then 10 - 15sec. at 5°C.

2 Pass it through the setting oven at 80° - 100°C for 5 - 10 mins.

3 For best results let it cool overnight before taking out the mold. If you are in a hurry, wait at least 2 hours.

THE PRODUCT CAN BE LASTED IN **ANY SHAPE** YOU WISH, WITH A MINIMUM AMOUNT OF HEAT, WITHOUT BREAKING!

PRODUCT	COATED THICKNESS mm	
MORELAST 10 BTS	0.55 - 0.65	○
